## Data notes

- Q3, Q4 2026 actuals have not been received; utilisation is measured against the full-year budget.
- 4 of 21 MDAs have never submitted monthly expenditure tracking.
- Q2 actuals are reported as MDA totals only — no programme breakdown is available.
- Programme budgets are AOP planned costs mapped by keyword, not appropriations; AOP covers only some MDAs.
- Personnel is paid centrally, so it is largely absent from monthly MDA tracking.
